

**CANDIDATE FOR GOVERNING BOARD MEMBER
HESPERIA UNIFIED SCHOOL DISTRICT**

NAME: ELLA 'LEE' ROGERS

AGE: 64

OCCUPATION: Teacher/Educator

Hello, I'm Ella 'Lee' Rogers. My goal is to ensure that **students, parents, staff** and **teachers** are a priority when I am your representative on the Hesperia USD Board.

I am a teacher at Maverick High School, Victorville, and formerly a librarian/career specialist at Mojave High School, Hesperia. My family and I have lived in the Victor Valley for over 60 years.

Being a successful local business owner, with a proven track record, allows me to bring over thirty years of accounting and management experience to the education table.

My commitment and vision for our schools is that all students deserve the chance to learn in a safe, clean and well-equipped school environment. Hesperia needs to attract and retain qualified teachers and staff. Gang intervention, community involvement, fiscal accountability and smaller class sizes are my goals for a more productive Hesperia USD.

It is unacceptable that students are not the main focus. It is unacceptable that aggressive construction is not under way building new schools. We must move forward.

I am supported by hundreds of our local teachers.
